## Complete Music Playlist

Updated January 2016

**This is a complete list of Anne's current repertoire.** Songs are arranged by category, and they alphabetized and numbered within each category, for your convenience. (Some titles are duplicated under several different categories).

**This music is suitable for most events,** including weddings, except for the last category. Search for the category of music you like, and then go from there to make your selections.

**If you find this list to be too overwhelming,** refer to the **Music Favorites Playlist** on Anne's website at <http://www.celticharpmusic.com>. Listen to tracks from her CDs at [iTunes](#), [Amazon.com](#), and [CDBaby.com](#).

**Need help selecting your wedding music?** Download ideas for **How to Select Your Wedding Music** on Anne's website.

**Important note for weddings:** Check with your celebrant (minister, rabbi, priest, etc.) before choosing your music. Some faiths, houses of worship or celebrants do not allow secular (non-religious) music or particular selections. In addition, some may not permit music to be performed during the ceremony itself.

In the following list, please note: "The Angelical Hymn", which does not fit exactly into any one of the following categories, is the most requested wedding recessional selection, because it sounds like wedding bells. It will work with music from any other category.

Tastes change over time, so if you don't see one of your favorites, please ask if it is still in Anne's repertoire or if the sheet music is still commercially available. If you are interested in a newly released song that does not appear on this list, ask Anne if she will be adding that title in the near future.

### **Key:**

**Song titles that are highlighted in bold** are music favorites that are often chosen.

**CD**—indicates selections featured on Anne Roos' recordings "Haste to the Wedding", "Mermaids and Mariners", "A Light in the Forest", "Velvet", and "Blue Jeans". These tracks are available for download at online sources like [iTunes](#), [Amazon.com](#), and [CDBaby.com](#).
